

"A Horse of a Different Collar"
story by Stan Pede - SASS #84691

STAGE 4

With all the ruckus going on, you haven't had time to check on your horse. When you get to the cattle car, you notice your trusty mount is acting spooked and his eyes are ablaze. While trying to calm him down, you see the other horses' heads drop off. It's more of "No Neck" Ned's amigos, hiding in horse costumes.
